-

Objective: An experienced software developer looking to transition into teaching, with a strong background in technology and software engineering. Seeking opportunities to apply my problem-solving and coding skills in a classroom environment.

Education:

- **Bachelor of Technology (B.Tech) in Computer Science**
 - Kathmandu University, Kathmandu, Nepal
 - **Graduation Date:** 2021
-

Professional Experience:

1. **Software Developer | Tech Solutions Pvt. Ltd., Kathmandu**
July 2021 – Present
 - Designed and developed software applications using Python, Java, and JavaScript.
 - Collaborated with a team to create custom software solutions for clients.
 - Conducted software testing and debugging to ensure smooth operations.
 - Assisted in the deployment of web applications for clients.
 2. **Junior Developer | CodeX Technologies, Kathmandu**
May 2019 – June 2021
 - Worked on creating and maintaining websites and web applications.
 - Designed user interfaces and optimized the user experience (UX) of applications.
 - Implemented APIs and integrated third-party services.
-

Key Skills:

- **Programming Languages:** Proficient in Python, Java, JavaScript, HTML, and CSS.
 - **Software Development:** Expertise in building and maintaining software applications.
 - **Problem Solving:** Strong problem-solving skills developed through programming challenges.
 - **Project Management:** Managed software projects and ensured timely delivery of tasks.
 - **Team Collaboration:** Worked collaboratively with developers and clients to meet project goals.
 - **Technical Support:** Provided technical assistance and troubleshooting for software issues.
 - **Data Analysis:** Experience with data analysis and database management using SQL.
 - **Web Development:** Skilled in HTML, CSS, and JavaScript for building interactive websites.
 - **Cybersecurity:** Knowledgeable in basic security protocols and data protection.
-

Certifications:

- **Certified Java Developer | Oracle, 2022**
- **Web Development Bootcamp | Udemy, 2021**
