Objective:
A passionate Junior Django Developer with a year of experience in web application development. Looking forward to leveraging my skills in Python, Django, and front-end technologies to contribute to the academic management systems at PCPS College.

Skills:
- **Programming Languages**: Python, JavaScript
- **Web Development**: Django, HTML, CSS
- **Databases**: MySQL
- **Version Control**: Git
- **Other**: RESTful APIs, Agile Development

Education:
bachelor's in information technology
ABC College, Kathmandu, Nepal
Graduated: 2022

Experience:
Junior Django Developer
CodeLabs Pvt. Ltd. – Kathmandu, Nepal
March 2022 – Present
- Worked with Django to develop and maintain web applications with clean, efficient, and scalable code.
- Used HTML, CSS, and JavaScript to create responsive front-end interfaces for users.
- Collaborated with the team on version control using Git, participated in regular code reviews, and handled bug fixing.
- Assisted in database management tasks, specifically working with MySQL, ensuring data consistency and optimization.

Projects:
E-Commerce Website
- Developed an e-commerce platform with Django and integrated secure payment gateways.
- Built product search, filtering, and shopping cart features using Django and JavaScript.
